STANDARD FEATURES

ProView™ Control Center The ProView™ control system makes adjusting temperature, jets, and lighting easy and convenient.

PowerFlo™ Filtration PowerFlo™ filtration delivers cleaner water, stronger circulation, and easier maintenance for a better spa experience.

Prism Lighting™ This LED lighting package enhances ambiance with MotionGlow™ and six underwater pin lights illuminating your spa beautifully.

EverPure™ Ozone w/ EverLite™ EverPure™ ozone purifies water while EverLite™ confirms operation, keeping your spa consistently clean and fresh.

Reflections Stainless Jets™ These stainless steel jets adjust easily underwater, while interchangeable jet heads tailor soothing massage to sore muscles and personal hydrotherapy preferences.

Cascading Water Spouts Two cascading water spouts create soothing sights and sounds, enhancing relaxation throughout your spa experience.

TemperLok™/TemperBase™ Cabinet Insulation with Back-lit PDC Logo & Locking Thermal Cover A PDC exclusive TemperLok™ and TemperBase™ insulation maximize energy efficiency, while a thermal locking cover keeps heat in and operating costs low. Also all cabinets now feature a back-lit PDC Spas logo.

Our spas are expertly engineered to deliver the powerful performance, design, comfort, and reliability you expect.

OPTIONAL FEATURES

SoundStream™ Audio This audio system features marine-grade speakers and internally mounted subwoofer. Enjoy Bluetooth technology for streaming music wirelessly while relaxing in your spa.

LuminX™ LED Lighting New for 2026, the LuminX™ LED lighting adds bright corner illumination, app control, color changes, custom effects, and music-synced pulsing.

Allure2™ lighting, also available as an option.

WAVE™ Wireless Control The WAVE™ wireless control lets you adjust temperature, jets, and settings anywhere using your smartphone with a wireless connection.
